

## OGDEN WOOL GROWERS MEET

KILLING OF SIXTY COYOTES REPORTED IN TWO WEEKS.

Pocatello Valley Furnishes Plenty of Food for Sheep—Governing Board Appointed.

At the meeting of the Ogden Wool Growers yesterday afternoon, a report from A. R. McFarland and Lee Greenwell showed that they had within two weeks' time killed 60 coyotes in the vicinity of Pocatello, Idaho. The pelts were sold for \$1.75 each and a bounty of \$2.50 each were paid upon them, so that the two men with two weeks' time the two men made \$255.50 in the enterprise. The gentlemen stated that the range in the country referred to is better now than it has been for many years and that the sheep are in better condition than ever before at this time of year. They report a heavy snowfall in the Pocatello valley, accompanied by much rain, and that the green grass has grown in abundance underneath the snow and sleet.

A communication from the Weber club was read before the meeting, which advised the woolgrowers that the club had appointed a governing board for the arrangements for the National Woolgrowers' convention, which will convene in Ogden next January. The board appointed, as follows: F. W. Herrington, John Pingree, A. P. Bigelow, W. H. Wright, Joseph Decker.

## CENTENARY OF CHARLES R. DARWIN, TONIGHT

The centenary of Charles R. Darwin will be observed tonight at the First Presbyterian church, when the subject of the sermon will be: "The Debt of Incentive and Impetus, which the church owes to Darwin." There are many who will doubtless question the right of a church to give an evening service of worship to the thought of a great naturalist, and yet so much of the thought of the past sixty years has had "Darwinism" for its central theme that the church has in many ways been a recipient of his great man's life and thought. Probably no man of the past century has been more misjudged. He is usually spoken of as the author of the "Evolutionary Theory," when in reality that is but a small part of his great life work. A special musical program has been prepared to add to the interest of this centenary service.

## EXPLOSION AT H. L. GRIFFIN WHOLESALE HOUSE

An explosion occurred Friday morning in the banana room of the H. L. Griffin company's large wholesale house at 2364 Wall avenue, which shook the very foundation of the building.

Lawrence Nelligan, who has charge of the banana room, was quite seriously burned about the head and face and other parts of his body. Shortly after midnight gas could be smelled in the building and Mr. Nelligan went into the banana room to see if he could discover the leakage. In doing so he struck a match, a terrific explosion immediately following. He was badly burned and the partitions of the banana department were torn asunder and quite a quantity of bananas were damaged. The loss according to the estimate of the company will amount to several hundred dollars.

Medical aid was called to Mr. Nelligan and he was subsequently taken to the home of Mr. H. L. Griffin, where he is now being cared for. An investigation regarding the cause of the explosion disclosed the fact that one of the gas pipes leading into the banana room had sprung a leak and when Mr. Nelligan struck the match an explosion followed. The injured man is getting along very nicely and his injuries are not considered to be very serious, although they are very painful. The damage to the building and the fruit in question is said by Mr. Griffin to be covered by ample insurance.

## CONTRACTS WILL BE LET FOR POWER PLANT

Allen E. Parker, traveling passenger agent of the Milwaukee system, who arrived from the north, says that contracts will be let in a few days for the erection of big power plants on the Pacific extension of the Milwaukee system. These plants, Mr. Parker says, are for the generation of power to operate the new road through the Bitter Root mountains by electricity. The section of the road to be thus operated lies between St. Regis, Mont., and St. Joe, Idaho. He adds that each of the two plants will be 20,000 or 25,000 horse power, and that other power sites are being investigated for development in

the immediate future. Continuing, Mr. Parker said: "The electrification of 100 miles of a transcontinental road, over a mountain line, is really an experiment. While electric operation of trains is being done in the east, it is over a comparatively level country, and the difficulties solved there furnish no solution for many of the problems which must be met here in the west. Nothing can be learned now as to the type of locomotive which will be used, or methods of operation, as plans and estimates are now under consideration to determine these details. The additional power sites which the Milwaukee company will conduct are not necessarily along the right of way of the road—as transmission of electric power is an easy matter.

"I look for the Southern Pacific and the big modern managed roads of the Harriman system to employ electric power in the operation of trains over the Sierra Nevada and other mountain districts in the near future, as electricity is cheaper, so far, and more available generally than power derived from coal or other fuel."

## REV. G. W. MCCREERY TO ADDRESS COLORED PEOPLE

Rev. G. W. McCreery, of the First Methodist Episcopal church, will address the colored people of Ogden, this afternoon, at the meeting of the I. H. Embury M. E. Mission, at Elks hall, No. 2458 Washington avenue, at 3:00 p. m.

Rev. McCreery, by request, will deliver the sermon on Abraham Lincoln, the same which he delivered to his congregation last Sunday evening. Special music has been arranged for the services and the public is cordially invited to attend.

The following is the order of service for this afternoon:

Hymn—Zion—Congregation.  
Apostle's Creed—Congregation.  
Prayer—Rev. G. W. McCreery.  
Song—Patriotic—"Star Spangled Banner"—Congregation.  
Scripture Reading—Psalm, 107:1-23—Congregation.  
Hymn—Holy, Holy, Holy, Lord God Almighty—Congregation.  
Paper on the "Progress of the Negro Since Emancipation"—Mr. E. J. Dorsey.  
Solo—"It Is Well With My Soul"—Bliss; Mr. J. R. Lemme.  
Address—Abraham Lincoln—Rev. G. W. McCreery.  
Silver Offering.  
Song—"America"—Congregation.  
Benediction.

## TO CELEBRATE THEIR NINTH ANNIVERSARY

Nine years ago from the aerial heights, far above the din of worldly strife, liberated from the bondage of darkness and doubt, came the swift winged messenger of Hope, like a beaming light, proclaiming the installation of the Ogden Eagle, No. 118, F. O. Eagles, whose emblem is the Eagle, free as the air of heaven, true to its own, fearless in the defense of its rights. In all our environments, what grander object could have been chosen?

This order at first plodded along slowly, but when its principles were practically demonstrated, the order grew so rapidly that today it is one of the largest of its class in the city.

The F. O. Eagles believe in protecting their members in distress and sickness, and when the cold hand touches with deadly chill, the heartstring of a member, they lay him away in that last silent resting place and protect his widow and orphans from the cruel blasts of the cold world. Not only do they believe in all this, but they believe like Shakespeare, that youth and gaiety are companions.

The "Ogden Birds," as they are called, are "Flopping" in commemoration of their ninth anniversary.

New York, Feb. 13.—Speaking before the Lincoln club in Brooklyn, Congressman Julius Kahn of California, referring to the Japanese question, last night, said that the people of his state were anxious to preserve it as a white man's country.

"We, in the west," said he, "appeal to you men in the east to help us in the matter. If ever that narrow strip of land should be given over to the Oriental, the white man, as sure as fate, will have to retire back to the Mississippi, and don't you forget it. Wherever the Chinese or Japanese settle the white man has to go."

Mr. Kahn said that he admired Japan's progress, but that he wanted them at a safe distance and that while California stood ready to give the present immigration laws a fair trial the people would demand exclusion if conditions were not soon improved. He praised the Japanese government for its efforts to restrict coolie immigration and said that the people of California did not object to the higher class Japanese.

**Women in French Factories.**  
Women work in many of the manufacturing plants in France, about 40 being employed in the De Dion works at Draper lathes. It is the first time that women have been trusted with high-grade machines in that country. One woman was found who had worked at a Gleason gear-cutting for four years steadily, with the exception of a few weeks when she was injured.

# Wrights White Sale

: All White Goods—Every Department—Cheaper :.

## SPOOL COTTON 4c

During the White Sale, Coats' best spool cotton at 4c a spool, limiting each customer to one dozen spools. This is a very cheap price, considering the present high cost of cotton. On this item we can accept no telephone orders or allow any approvals or charge accounts.

## Tomorrow this New White Sale Begins

The price reductions are on all white goods in the store, no matter what department, and also includes the white goods at the Men's Clothing Store. If the following list omits articles of white which you are in need, you may take it for granted, on unmentioned articles, the price will be reduced similarly.

We call special attention to a window of white cluny Renaissance and white Batentburg lace pieces, which are offered for less than half price.

Was anyone ever fooled by saying that no good came from Nazareth?

We positively guarantee to please or refund the money, with the drama we are now advertising.

We have been good to you people. Now, for once in your lives, reciprocate by coming to the Grand Opera House, on Monday, the 22nd inst., and see the Wards, the James, the Booths and the Firmans of Hayseed Valley, and thus assist us to procure a Pipe Organ for our Tabernacle.

Monday Evening the 22nd of February 1909
